

## Brewing great coffee

1. Fresh is best so buy enough beans or ground coffee to last a few days rather than weeks. Preferably grind as you go.
2. Store coffee in an airtight container in a cool place. It's best kept out of the fridge or freezer.
3. Choose the right grind for your coffee maker

		
<b>Fine</b>	<b>medium</b>	<b>coarse</b>
		

4. Use fresh water just under boiling temp.
5. Never reuse grounds or reheat coffee.

## coffee worx premium coffee roasters

**Coffee Worx** are a New Zealand owned and operated company dedicated to producing premium coffee blends.

We are specialists in the craft of roasting the best 100% Highest Grade Arabica coffee beans sourced from the world's largest Green Bean Brokers.

## Midnight Xpress

Gold medal winner 2007/2008

Silver medal winner 2006/2007

Inspired by the Turkish roasters this truly well balanced sensational blend has great body, a sweet taste & full flavours.

Three of the world's richest beans combined for a smooth long lasting flavour with a chocolate finish.

A must to try.

## Picasso

Bronze medal winner 2006/2007 NZ Coffee Awards

A wonderfully smooth coffee blended with beans from the Caribbean and South America. Stronger than Midnight Xpress, full bodied with great rich flavours – “a coffee drinker's coffee”.

Feel the flavour of a modern coffee masterpiece.

## Vesuvius

Silver medal winner 2006/2007 NZ Coffee Awards

Strong, fruity bold flavours, great acidity and body with a surprisingly smooth aftertaste. A real café winner!

## Kracatoa

The ultimate espresso blend with a 30 year proven track record of success

It'll blow you away with its flavour and smoothest taste. You'll want second cup. Try it and see what the secrets all about.

## Gusto Vesuvio

Our strongest blend yet.

Designed to appeal to coffee addicts who want a jolt.

A fantastic bean through vending machine as the flavour really stays sup after cup.

## Dark Italian Roast

Gold medal winner 2007/2008

Bronze medal winner 2006/2007

3 of the world's best beans have been combined to produce this well tested, classic roasted blend. California's Graffeo Coffee has produced a blend using these beans since 1935. Great coffee taste, lighter on the palate than Vesuvius with medium strength, rich aroma's with good body and a smooth aftertaste. Strong as an espresso – great as a plunger/filter coffee.

## Decaf Coffee

– all water processed using the Swiss water method.

Decaf as good as it gets with a sweet, nutty taste.

## Single Origin Beans

The wonderful array of single origin beans are available by request.

## Fair Trade/Organic Coffees

certified by NASAA 100% organic

## Brazilian Blue Organic

A truly great coffee with great flavours

Sweet with a smooth chocolate aftertaste. A must to try.

## Sumatran (Indonesian)

Fair Trade Organic

A truly huge coffee, full of deep earthy flavours, strong taste with lots of get up and go. You will be surprised. Fully guaranteed to be a true “Fair Trade” coffee. If you want to help farmers out and have a great cup of coffee this is the one for you.

## Tropical Storm

Our latest creation is arguably our best every blend of any kind! It's smooth and sweet with great flavours and a mild aftertaste. It'll “blow” you away – a must to try!
